TO WHOM IT MAY CONCERN

RE: ENDORSEMENT OF THE FLOORING INDUSTRY TRAINING ASSOCIATION (FITA)

CAD4ALL Career & Design College is proud to be entering in to a partnership with the Flooring Industry Training Association (FITA).

We look forward to dealing with numerous individuals and flooring companies and assisting in raising the standard of career pathing and opportunities provided for the individuals whom previously were unable to obtain the necessary qualifications.

Since the establishment of FITA a few years back, when they started to represent the Flooring Contractors, they have taken control of the industry and have embarked on various action plans to consolidate and bring respectability and consumer confidence to the industry.

Through funding granted by the Construction Education and Training Authority (CETA) to FITA for the Recognition of Prior Learning (RPL) programme, a substantial number of experienced flooring installers will be able to go through the RPL process and be certified as competent.

This means that consumers will be able to have far more confidence in the Flooring Contractor's and their teams when they produce evidence of being formally qualified installers, before a contract is approved to begin.

In the eyes of CAD4ALL, FITA is bringing stability and professionalism to the flooring installation industry, and it has been a pleasure working with them thus far and we look forward to many wonderful years of partnership.

Should any additional information be required, do not hesitate to contact us on [floors@cad4all.co.za](mailto:floors@cad4all.co.za) or [rpl@cad4all.co.za](mailto:rpl@cad4all.co.za).

Regards

JODY VAN HEERDEN
